| Prepared by | Ian Fleming | Reviewed by | Selin Doyan | Approved by | Canan E. Celik |
| Review No | 3 | Next Review Date | August 2025 | Approved on | 28.08.2024 |

Procedure Issued : April 2015

Procedure Owner : Principal / CEO

- ✤ This procedure is shared with our staff and/or can be obtained:
 - o on our website https://docklandsacademy.co.uk/policies-and-procedures,
 - o on the desktops of all computers in the library on the top floor,
 - by emailing us at info@docklandsacademy.co.uk
- Also, our students and academic staff are fully informed about the main aspects of the procedure in the Staff Handbooks and Academic Staff Induction.
- The procedure is reviewed and monitored on a regular basis for currency and fitness as part of our "DAL Procedure 1.9 Review and Revision of Policies and Procedures".

1 Purpose of Internal Verification (Pearson BTEC and CTH Programmes)

Internal verification ensures that assessment is accurate, consistent, current, timely, valid, authentic and to awarding organisation standards. It also ensures that assessment instruments/assignment briefs are fit for purpose and provides feedback which informs quality improvement

1.1 Pearson/BTEC programmes

The Academy is responsible for the internal verification of all assessments for Pearson (BTEC) programmes. BTEC assessments are prepared, verified and marked by the Academy and moderated by the Pearson external examiner.

2 Expectations

- the chosen assessment instruments and assessment guidelines are valid and applied consistently by all assessors for the same qualification across all learners,
- arrangements are effective for the safe storage of internal assessment materials,
- access to assessment materials is effectively managed,
- the final assessment decisions made by assessors are accurate, justified, reliable and recorded,
- assignment briefs are designed to prevent plagiarism and/or collusion,
- assessment work declaration has been signed by the learners,

- the effectiveness of the assessment and internal verification system is monitored and reviewed.
- any changes required by Pearson are implemented.

3 The Internal Verification Process: An Overview

3.1 Designing the assessment process

- The assessors decide how they are going to assess the candidates. For example, if candidates are required to demonstrate competence in a practical skill, then a practical exercise would be designed.
- The lead internal verifier confirms that the assessment briefs are fit for purpose and that the assessment specification and marking schedule are appropriate.

3.2 Delivery of assessment

- Assessment is carried out using approved/standardised material which the lead internal verifier has checked.
- Lecturers and assessors are regularly observed and attend relevant CPD sessions to ensure standardisation.

3.3 Marking assessment

- The assessors evaluate the candidate's evidence to ensure that it meets requirements of the criteria of the related units.
- Assessors are informed about the marking allocation schedules in line with assessment plans.

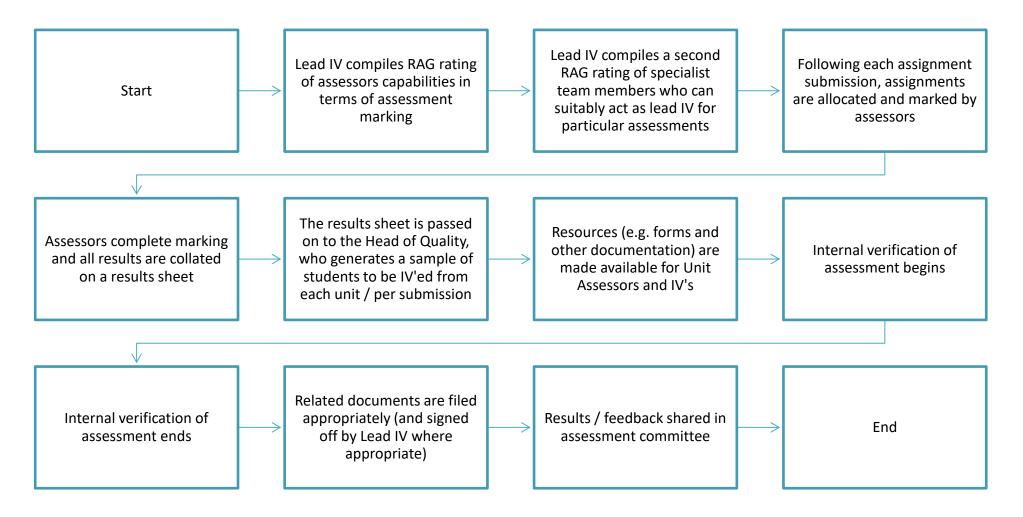

3.4 Internal verification of assessment

- The Lead Internal Verifier (Academic Head) regularly updates the assessor RAG rating lists, which identifies and outlines the sample size allocated per assessor depending on their capabilities and experiences. The Lead Internal Verifier also identifies and lists those with specialist skills who can suitably act as lead internal verifier for particular assessments.
- With direction from the Academic Head, Head of Quality compiles a student sample pool from per submission (submission and resubmission) and each unit to disseminate to the relevant internal verifier {s}.
- Assessment records, materials and evidence are retained in line with Pearson/BTEC requirements.

Guidance documents from Pearson which relate to requirements and exemplars of good professional practice are maintained in the Pearson/BTEC Centre Management File.

4 The internal Verification Process: An Overview (flow-chart)

5 Internal Verification Procedures

It is important that internal verification procedures are consistent across the whole Academy and the following procedures are applied:

- assessment briefs and preliminary papers should be scrutinised to ensure they meet Pearson standards and are reliable, valid and secure,
- all assessment briefs must internally be verified before being distributed to students,
- student work should be sampled regularly using a valid sample size that follows Pearson Centre Guidance. Currently, where the number of students in learning is less than 8, all are sampled; if there are 9-100 students, the sample size is 9; thereafter, for each additional 100 students, a further 9 are to be sampled,
- the internal verification paperwork should be signed by both assessor and internal verifier,
- the Academy checklists and forms specific to the Pearson HN programmes, and based on the Pearson Template should be used and retained as evidence for external verification and appeals (see forms 3.7.1 and 3.7.2)
- all evidence should be retained securely in accordance with Pearson regulations after the student leaves the Academy,

6 Responsibilities

6.1 Head of Quality

- develops and implements improvements to quality assurance systems,
- arranges for the training of internal verifiers and assessors,
- coordinates the operation of the internal verification system,
- supports the external verification activity on behalf of the Academy,
- supports appeals related to assessment and internal verification,

6.2 Academic Head (Quality Nominee)

- operates systems to standardise assessment and ensures that the work of all assessors is sampled over a defined period,
- liaises with Pearson,
- arranges for the induction of candidates,
- coordinates appeals related to assessment and internal verification,
- monitors consistency of assessment records,
- supports assessors by offering guidance and advice, particularly in the case of new or inexperienced assessors, [The work of these assessors should be often sampled]
- decides on the methodology/ mechanisms to be used in assessment process,
- samples assessment materials,
- liaises with external verifiers and Pearson/BTEC coordinator,
- coordinates meetings of assessors before each assessment cycle,
- checks records of internal verification for external verification and as evidence for appeals,

6.3 Assessor

- contributes to the design and review of assessment materials,
- plans the assessment process with the Academic Head,
- assesses evidence against the Pearson standards and makes accurate and reliable judgements,
- completes the assessment records,
- liaises with other assessors and the internal verifier and participates in internal and external verification,

7 Internal Verification Records

7.1 Internal verification schedule

- a list of the units for which the assessors have responsibility,
- a list of the assessors with whom the internal verifier liaises,

7.2 Records relating to the design of assessment

- record of comments made about the assessments,
- an internal verification form for each assignment brief,

7.3 Records relating to the delivery of assessment

- notes of meetings with assessors,
- confirmation that assessment complies with the unit standards, (for CPD activities and lesson observations),

7.4 Records relating to the review of the assessment

- feedback from the external verifier, assessors and learners,
- changes made to the assessments in the light of feedback,

(Forms 3.7.1 and 3.7.2 are provided as an appendix to this procedure)

8 Internal Verification Methods

The Academic Head is responsible for working with their department to ensure that verification can take place smoothly. In terms of the actual mechanisms used for internal verification, there are many options. These may include:

- checklists: these are particularly useful when relying on observation or conducting interviews or role plays,
- model solutions and suggested answers: for use when any assessment has been carried out
- discussions about assessment: it may be necessary to discuss levels of performance for particular learner,
- cross-assessing/ block marking: it is sometimes useful for assessors to agree standards by marking each other's work,
- a bank of material; assessments which have already been agreed.
