This includes help with doing further study or training with us (HNC students progress to HND programs) or with another provider, finding the right part-time or full-time job and preparing for interviews, or choosing and applying for a place at university or a top up degree.

We organise career events with experts from Hospitality, Business and Travel and Tourism related industries. Every year we are helping our students progress into rewarding roles in their chosen sector. Our students secure top up university and employment opportunities.

Please contact us at info@docklandsacademy.co.uk if you are looking for:

- Run workshops, events, one-to-one meetings, through your course or by connecting with you directly.

6.4 Accommodation

Should students require we assist with accommodation booking with trusted providers.

There are some implications in privately rented sector should students opt to look for alternative accommodation options:

- Students should never sign a contract they are not happy with.
- Once students get the contract, they should read it carefully before signing. They should check it includes how much the deposit and rent are, when it is due, and what it covers (for instance, Council Tax, utility bills, and other dos and don'ts, such as whether students are allowed to smoke).
- Students should discuss points they disagree on, or do not understand, with the landlord or letting agent. If they agree to change it students should ensure the contract has changed too.
- Under the law in England and Wales, if students have an assured short-hold tenancy (the most common type of private tenancy agreement) that started on or after 6 April 2007, their landlord must put their deposit in a Government-backed protection scheme within 30 days of getting it. These are:

My Deposits: www.mydeposits.co.uk

The Deposit Protection Service: www.depositprotection.com

The Tenancy Deposit Scheme: www.tds.gb.com

- If students are concerned about their accommodation safety, they should report any issues immediately.

7. Safeguarding Procedure

7.1 The Academy is committed to ensuring that all students at the Academy may study in a risk and abuse free environment. As part of its Health and Safety commitment, the Academy has recognised the necessity of formalising its stance in terms of safeguarding and who it considers to be a 'vulnerable adult' OR English students over 16 years old. A definition of a 'vulnerable adult' is:

"A person who is 18 years of age or above, and who is or may be in need of community care services by reason of mental or other disability, age or illness, and who is or may be unable to take care of him/herself, or unable to protect him/herself against serious harm or serious exploitation."

7.2 Though not specifically covered by the above reference, due to the language limitations and difficulties faced by some students at the Academy, all aspects of safeguarding will also apply to those students studying here. The safeguarding policy carried out by the Academy will cover all students who may find themselves in situations of vulnerability due to being away from their home countries.

Forms of abuse may include:

- Physical abuse, including hitting, slapping, pushing, kicking, misuse of medication, restraint, or inappropriate sanction
- Sexual abuse, including rape and sexual assault or sexual acts to which the vulnerable adult has not consented, or was pressured into consenting; in addition to the further information and guidance set out in the legislation 'Sexual Offences Act 2003'
- Psychological abuse, including emotional abuse, threats of harm, humiliation, blaming, controlling, intimidation, coercion, harassment or verbal abuse
- Financial or material abuse, including theft, fraud, exploitation, pressure in connection with financial transactions, or the misuse or misappropriation of property, possessions or benefits
- Discriminatory abuse, including racist, sexist, that based on a person's disability, and other forms of harassment, slurs or similar treatment

- Honour-based abuse, including any form of abuse or incident which has or may have been committed to protect or defend the honour of the family and/or community.

7.3 All Academy staff and students are required to take shared responsibility for the safeguarding and safety on Academy premises. Academy staff is in a position of trust, in particular those staff who teach, support, guide or in any way interact with students, young people and vulnerable adults visiting the Academy. As a result of this, the Academy has quality systems in place whereby all employees must submit a DBS certificate.

7.4 The Student Welfare Officer ensures that there are appropriate support services in place. The role of the Student Welfare Officer (in relation to safeguarding) is:

- to receive information about events that are planned in the Academy that may involve young people or vulnerable adults, and plans that indicate how safeguarding will be covered
- to receive information from any staff, volunteers, children, parents or carers who have child safeguarding concerns and record it
- to assess the information promptly and carefully, clarifying and obtaining more information about the matter as appropriate
- to record statements from any member of staff who feels that a young person or vulnerable adult has indulged in inappropriate behaviour.
- to refer, where necessary, any and all information to relevant statutory safeguarding agencies or the police

7.5 Any incidents occurring within the Academy of suspected abuse or inappropriate behaviour involving staff or students, should be reported immediately to the Student Welfare Officer or the Principal.

7.6 The Academy will protect its students from access to extremist materials by ensuring the following:

- **Online safety:** Filters will be in use to restrict extremist websites. Induction will include use of internet with reference to Prevent Duty and accessing of extremist material on personal emails. In addition to these provisions, the Academy will also ask students to sign a declaration on Online Safety, which outlines the key actions a student should be aware of or follow to ensure online safety is maintained. Necessary or further guidance can be drawn from the UK Safer Internet Centre.
- **Materials displayed:** Student handouts/notices posted on campus, especially those not in English will be checked.
- **Outside speakers / sub-lets:** Outside users of the campus will be checked by the Prevent Officer as required through enquiries and researching internet data such as websites, prior to collaboration.

8.3 Welfare monitoring

8.3.1 All student absences, concerning RAG Rating and ILP Tutorial notes are recorded on the Welfare Monitoring List, which is kept on the SharePoint where related stakeholders (Senior Management Team) can access apart from the Welfare Officer. Students can also be referred to welfare monitoring by their lecturer/a member of Academy staff if the lecturer raises a concern about their welfare.

8.3.2 The Welfare Officer will meet all students on the welfare database monitoring list as regularly as deemed necessary for any particular case. Welfare monitoring is provided to help and support students through difficult situations and liaise between academic and external bodies to ensure the welfare of the student.

8.4 Compassionate leave

8.4.1 Students can make a request for emergency or compassionate leave from their studies using the [Absence Authorization Notification Note](#). The result will be passed to the student by the Welfare Officer within 3 working days.
