The Academy's CPD framework offers and supports a range of activities which will:

- support the Academy commitment to raising standards for students,
- ensure the efficient and effective integration of new staff and those promoted internally into their roles within the Academy,
- enable all staff to develop skills and expertise which are relevant to their individual needs and which can be incorporated into their practice,
- respond to corporate or partner institution local and national targets, and reflect local community and national priorities and initiatives,
- be consistent and complementary to all other Academy policies and procedures, particularly

in relation to equality and diversity (see Procedure 6.3) and Health and Safety (see Procedure 9.4),

- include clearly identified and systematic procedures for short-, medium- and long-term evaluation consistent with the Academy's commitment to quality management.

Staff development will be coordinated and monitored by the CEO / Principal and implemented in the following way:

- the identification of needs will be established through consultation with Heads of Department, Programme Managers, course and Academy reviews, team development plans and the Academy performance review process
- priorities will be identified with reference to the Strategic Plan and the key targets, mission statement and aims
- needs and priorities will be determined with reference to all staff groupings within the Academy and these will be incorporated into the Strategic Plan for staff development and area development plans.

## **2 Staff Development Priorities**

The priorities for the Academy's staff development are as follows:

- appropriate teaching qualifications
